

ADVANCE TECHNOLOGY

Industrial Automation | Sensors | Pneumatics | Linear Motion

Smart components. Reliable motion. Precision performance.

Authorised Distributor of

SICK | **CKD** | **KNT**

PREMIUM BRANDS

Global technology partners

COMPLETE SOLUTIONS

Sensors, Pneumatics & Linear Motion

PRECISION ENGINEERED

Built for accuracy and durability

TRUSTED PARTNER

Supporting industries. Powering progress.

Product Catalogue **2026**

Engineering Motion. Enabling Automation.

Advance Technology delivers reliable industrial automation solutions through globally trusted brands and precision-driven application support.

Advance Technology is an authorised distributor of SICK, CKD and KNT, serving industrial customers with sensor technology, pneumatic systems and linear motion solutions. We support OEMs, machine builders and manufacturers with dependable products and responsive technical assistance.

OUR SOLUTIONS

SENSING SOLUTIONS

Detection, distance, LiDAR/Radar, machine vision, process and safety sensors for smarter, safer and more efficient automation.

PNEUMATIC & FLUID CONTROL

Cylinders, actuators, valves, manifolds, fittings and pressure control components engineered for reliability, efficiency and long service life.

LINEAR MOTION SYSTEMS

Rails, guides, blocks and motion components for precise, smooth and high-performance movement.

GLOBAL BRANDS

Authorised distributor of SICK, CKD and KNT – globally trusted.

APPLICATION SUPPORT

Expert technical guidance and application assistance from concept to commissioning.

PRECISION PERFORMANCE

Solutions engineered for accuracy, consistency and maximum productivity.

TRUSTED SUPPLY

Genuine products, reliable supply chain and responsive service you can count on.

“Quality that Makes a Difference”

SICK SENSOR SOLUTIONS

- Detection Sensors
- Distance Sensors
- LiDAR & Radar Sensors
- Machine Vision Cameras
- Process Sensors
- Safety Sensors

Precision detection. Smart automation. Robust reliability.

CKD PNEUMATIC & CONTROL PRODUCTS

- Pneumatic Cylinders
- Air Preparation & Pressure
- Direct Drive Motors
- Electric Actuators
- Hand Chucks
- Fluid Control Components
- Solenoid Valves & Manifolds
- Flow Control & Fittings

Compact design. Reliable control. Automation ready.

KNT LINEAR MOTION PRODUCTS

- Standard Linear Guide Blocks
- Compact Linear Guide Systems
- Heavy-Duty Rail Guides
- Miniature / Multi-Block Configurations

High accuracy. Low friction. Durable construction.

OUR CUSTOMERS

Trusted across industries.
Supporting manufacturers, OEMs and automation leaders.
